

NOTICE OF PUBLIC HEARING
CITY OF INGLESIDE
REQUEST FOR EXCAVATION

In accordance with the provisions of the City of Ingleside code and the laws of the State of Texas, all interested parties are hereby notified that the Planning and Zoning Commission will hold a public hearing at 6:00 p.m. on January 19, 2015 and the City Council will hold a public hearing at 6:30 p.m. on January 27, 2015. Both public hearings will be held at City Hall, 2671 San Angelo Street, Ingleside, Texas.

The purpose of these hearings is to give all interested parties and citizens an opportunity to be heard concerning an application for an excavation permit filed by North Bay Fellowship for the property located at LTS 15 & 16 BLK 80 T.P. McCampbell Subdivision; also known as 3530 Main. North Bay Fellowship is requesting an excavation permit to increase elevation on the listed property. If you have any objections, please advise the Inspections Department, in writing, within ten (10) days from the date hereof, in order that any such objections may be considered. Your failure to reply within this time will be treated as constituting no objection in this regard.

Information regarding the proposed excavation permit is on file at city hall and is available for your inspection any time during normal office hours. If you have any questions, please feel free to call 776-3815.

A handwritten signature in black ink, appearing to read "John Davis", is written in a cursive style.

Location of Excavation:

Address: SAME AS ABOVE

Legal Description:

Lot: 15 & 16 Block: 80 Subdivision: T.P. MCC AMPBEL

Purpose or reason for removing or moving the soil:

INCREASE ELEVATION

Quantity in cubic yard: 2000
Place where soil is to be moved: ON TO PROPERTY
Date of completion: ?

Include the proposed slopes and lateral supports to be used:

SEE ENGINEER'S LETTER

Include present and proposed arrangements made for surface water drainage:

SEE ENGINEER'S LETTER

Include the safety precautions to be installed and maintained at the site (fences, traffic control, drainage):

NA

Intended use or condition of land upon completion:

CHURCH USE LEVEL LOW LYING AREAS

Read the following carefully and sign below:

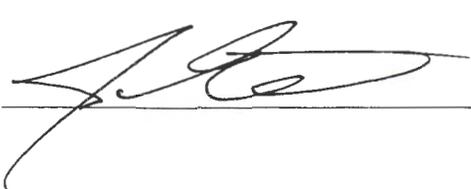

- (1) The land to be used for excavating or moving of soil is a platted property; —
- (2) All city, county, state, and school district taxes have been paid and are current concerning the land;
- (3) No building, residences or structures are within one hundred fifty (150) feet of the proposed excavation. (If there are buildings, structures or residences within one hundred fifty (150) feet of the proposed excavation, then provide a description of each, including distance, name, mailing address and telephone number of the owner thereof, and include a statement that the owner approves of the excavation, and attach the original of the owner's written permission for the excavation.)
- (4) The proposed excavation shall not block, encumber or close any public street, way or alley, or disturb the lateral support thereof;
- (5) The proposed excavation shall not be located nearer than five hundred (500) feet to any exterior property line boundary of lands utilized for a public or parochial school, a college, university, hospital, church, public building or cemetery.
- (6) The proposed excavation will not be located in an area which has on public records restrictions or covenants prohibiting such use of the property.

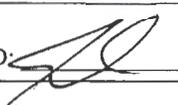

I have carefully read the foregoing affidavit and swear that all the information included in and with this affidavit is the truth. I have attached a map, survey or drawing showing the location of the excavation. I will also submit any other pertinent data required.

I certify that I understand that attendance is required at the public hearings, both Planning and Zoning and the City Council, for this request to be considered.

Re: Fill Placement
4 acres out of 10

Dear Mr. Daughtry,

As requested we have reviewed the information you provided regarding the above referenced project. It is our understanding that additional fill is needed on the north 4 acres of the 10 acre tract owned by North Bay Fellowship Church.

From the numbers provided, there is approximately 2000 cubic yards of fill dirt needed. With the content of loose dirt, a 50% factor was used to convert loose dirt to compacted dirt. With a 50% factor, the compacted yards will result in 1000 cubic yards. When this volume is spread over 4 acres the resulting rise in elevation of the natural ground is calculated to be 1.86 inches. This amount of vertical rise should not impact the natural drainage patterns of the subject tract.

If you have any questions, do not hesitate to give me a call at the numbers listed below.

Thanks,

Stuart A. Lynn, P.E.
